PROFILE

International commercial and operations professional with 8 years of experience across Europe and APAC, combining B2B account management, distributor development and cross-functional coordination. Proven track record of exceeding sales targets, improving operational efficiency and leveraging data to support commercial decision-making. Seeking to drive strategic account growth, regional business performance and long-term customer partnerships.

PROFESSIONAL EXPERIENCE

Business Area Manager / RevOps – Europe & APAC Markets **Jan 2023 - Nov 2025**
The Brand Collector | *Permanent contract* *Paris, France*

- **Performance analysis and forecasting**: Led market analyses and monitoring of commercial KPIs for Europe and APAC. Analyzed trends to make sales forecasts more reliable, identify growth levers and optimize resource allocation.
- **Assortment optimization**: Analyzed customer portfolios and sales pipelines to optimize lead generation and conversion rates.
- **Cross-functional stakeholder alignment**: Coordinated transversal teams (sales, operations, logistics) to improve processes and service quality.
- **Achievements**: Ranked #1 in revenue performance in 2024, with 150% of target achieved, then from Q1 to Q3 2025, automated processes that reduced manual work by 50%.

Business Developer - Europe Markets **Jun 2022 - Dec 2022**
The Brand Collector | *Internship* *Paris, France*

- **Achievements:** Contributed 60% of the team's revenue through active prospecting, structured portfolio management and rigorous opportunity follow-up.

Customer Service Associate – Trust & Safety **Jul 2019 - Jul 2021**
Google (via Concentrix contract) | *Fixed-term contract* *Kuala Lumpur, Malaysia*

- **Data analysis and policy compliance:** Reviewed large volumes of digital content in line with Trust & Safety policies, with a high level of rigor.
- **International stakeholder management:** Level 1 and 2 operational support to Google administrators in more than 20 countries, including incident analysis and coordination in an international environment.
- **Achievements:** Maintained high levels of quality and accuracy in a KPI-driven environment, helping reduce compliance risks and improve operational performance.

Technical Assistant / Junior Technical Writer **May 2017 – May 2019**
Van Don International Airport | *Fixed-term contract* *Van Don, Vietnam*

- **Process documentation and scalability:** Worked with international experts (ORAT & NACO) to map, document and standardize operational processes related to airport commissioning.
- **Workflow optimization:** Streamlined information flows and facilitated cross-team communication, turning complex operational bottlenecks into clear, actionable documentation.
- **Achievements:** Contributed to process standardization and improved operational efficiency through clear, scalable documentation.
